

Denplan for Children Payment Plan

What is the Denplan for Children payment plan?

A Denplan for Children payment plan helps establish good oral health habits from an early age, supporting children up to the age of 18*. This plan aims to support children in becoming familiar with dental visits, helping them to feel at ease during appointments and learn about maintaining good oral hygiene.

What's included with the Denplan for Children payment plan?

- Dental check-ups (frequency decided by your dentist)
- Dental x-rays as needed
- Preventive dental advice for both parents and children

Why choose a Denplan for Children payment plan?

- Encourages children to get used to seeing the dentist from an early age
- Helps children understand how to care for their teeth and gums
- Gives parents confidence that their child is receiving high-quality dental care

What's not included with a Denplan for Children payment plan?

- Restorative dental treatments (such as fillings, crowns, bridges or dentures)
- Hygienist treatments
- Fees for other services (including laboratory fees, referred treatment, or sedation)
- Orthodontics, implants and cosmetic treatment
- Treatments carried out at another practice

Optional Denplan Dental Emergency and Injury Cover

In addition to your Denplan Dental payment plan you can take out Denplan Dental Emergency & Injury cover provided by Simplyhealth Access for £0.60 per person per month.

What is this type of insurance?

This policy gives you cover towards worldwide dental emergencies and dental injuries up to individual and annual limits.
